

# COAL MEN SUBMIT DISPUTE TO WILSON

Operators and Miners to Meet the  
Secretary of Labor in Effort  
to Avert Strike.

Unable to reach an agreement on the closed shop, recognition of the union and wages, the committee of coal operators and miners who have been in session here since March 23 yesterday accepted the invitation of Secretary of Labor Wilson to confer with him in Washington tomorrow. The Secretary's request followed notice from both sides that no agreement was in sight and a break in the negotiations appeared likely.

The invitation of Mr. Wilson followed the rejection of the operators' offer of a 15 per cent. increase in wages, or a reference of all questions in dispute to a board of three to be named by the President. In rejecting these proposals John L. Lewis, for the miners, insisted the least the men would accept was 27 per cent. the

same as recently awarded the soft coal miners. Members of the miners' delegation said to-day that unless some basis for further negotiations was reached as a result of the meeting with Secretary Wilson, a meeting of delegates from all of the hard coal districts probably would be called for next week in Pottsville or Wilkes-Barre, Pa., where further action would be considered.

**N**EWEST Paris modes, that spell Midsummer with charming models of lace, tulle and transparent Straws, are reflected in the Millinery Department.

Chantilly lace, on which Paris has set the seal of approval so emphatically, is enriched with straw embroidery and shaped in large black picture Hats.

Leghorn and lace are combined, or lace and transparent horsehair. There are brims inset with motifs of lace; or brims of diaphanous maline or crisp organdies, in fine frills. Delicate fronds of ostrich, or fine osprey enhance the lightness of effect; or faintly tinted roses and little French flowers of the Marie Antoinette colorings are but half visible, veiled in the laces.
